Frontend Development :   HTML5, CSS3, JavaScript
Backend Development : Java, Spring MVC, Spring Boot, Hibernate
Database Management Systems: MySQL
Soft Skills : Quick Learner, Adaptable, Creative, Problem-Solver, Collaborator

Certification

Java Full Stack Development (Training & Internship) ([LINK](#))   Dec 2023 – July 2024
Appwars Technologies Pvt. Ltd.
- Developed scalable full-stack web application Smart Contact Manager with advanced features during the training and internship.
- Gained new skills in implementing Google OAuth, integrating third-party services like Cloudinary, and deploying backend services.
- Worked with technologies such as Java, Spring Boot, Spring MVC, Hibernate, MySQL, REST APIs, GitHub, and Cloudinary.

Projects

Smart Contact Manager ([LINK](#))
- Developed a full-stack Smart Contact Manager supporting user authentication, contact operations, and dynamic search functionality.
- Implemented Google OAuth for secure sign-in and integrated Cloudinary for image management, enhancing usability with cloud features.
- Utilized Spring Boot, Spring MVC, Hibernate, MySQL, Spring Security, and Thymeleaf to deliver a scalable and maintainable solution.

File Sharing App ([LINK](#))
- Created a secure file-sharing platform with user authentication, file upload/download, and 24-hour auto-deletion to ensure data privacy.
- Implemented time-based file expiration logic and OAuth integration, optimizing storage while improving security.
- Built using Spring Boot, Spring Security, Hibernate, MySQL, Thymeleaf, HTML, CSS, and JavaScript for a robust and responsive solution.

Achievements

Hackathon Winner ([LINK](#))
Won the Hackathon as part of the All Beginners Winning Team at DevGathering 2K25, held at MIET

Website Design Competition ([LINK](#))
Secured 2nd Prize in the Web Wizard (Website Design) competition at Fusion Fest, organized by GL Bajaj Institute of Technology and Management
